

*Call for Action: Artesian well in
Chicualacuuala*

Welcoming Mozambique

To foster and promote the spirit of fraternity without regard to ethnicity, politics, geography, or religion, focusing on children and Youth facing vulnerability or social risks.

Inspiring individuals to have faith in the attainability of a better world, where goodness simply requires action. This fundamental message embodies the essence of FWB.

Fraternity – Devotion to Purpose –
Self-Worth Appreciation – Spirituality
– Sustainable Practices

FRATERNITY WITHOUT BORDERS ORGANIZATION

Founded in 2008 in Brazil, with headquarters in Campo Grande, Mato Grosso do Sul, Fraternity Without Borders extends its reach across 8 countries, accumulating over 14 Years of impactful services. Through 11 ongoing projects, we have welcomed and assisted upwards of 34 thousand individuals.

We believe that goodness simply requires action!

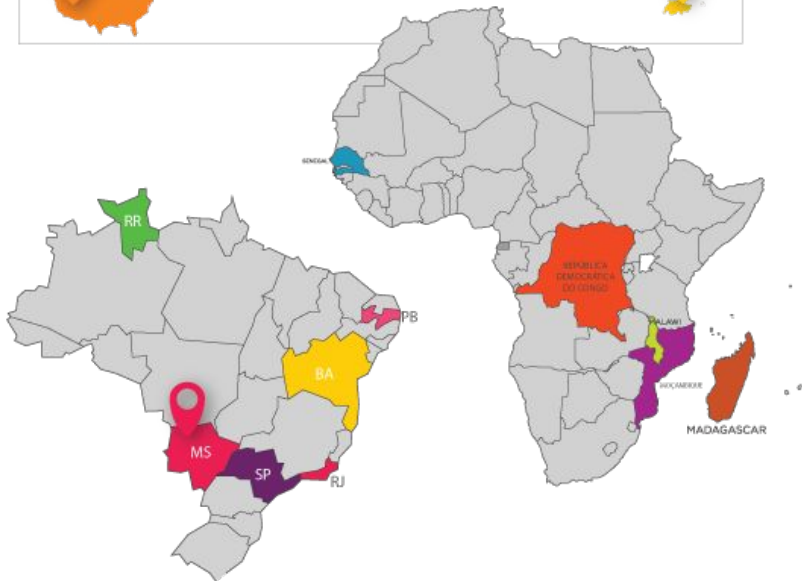

SOCIAL IMPACT

34 K	74	2.333	529 K	22	14
Refugees	Work Centers	Youth at School	Monthly Meals	Artesian Wells	Youth at Universities

PROJECT ALIGNED UP WITH THE UN'S SDGs

The SDGs are a global call to **end poverty, protect the environment and climate**, and ensure that people everywhere can enjoy **peace and prosperity**.

The project is aligned with the following SDGs of the UN 2030 Agenda:

SUSTAINABLE
DEVELOPMENT
GOALS

WATER FOR AFRICA

WATER FOR AFRICA

- ✓ Water is essential for life on the planet.
- ✓ Many communities do not have access to clean water. Deep holes are dug and water totally unfit for consumption is used by the local population.
- ✓ Families walk miles daily carrying buckets to get some clean water from the wells that have been drilled.
- ✓ Currently the FWB has **19 wells** drilled in the centres in Mozambique. **However, 4 of them are not producing safe drinking water.**
- ✓ The driest region of our centers in Mozambique is **Chicualacuala**, and we **have four centers that still don't have artesian wells.**

By Brian Baldrati

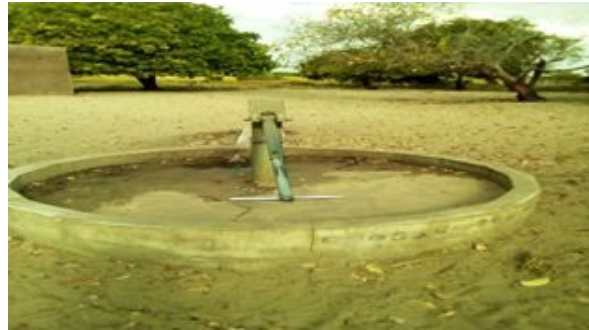

By Brian Baldrati

CURRENT ARTESIAN WELLS

Artesian well in Mahatlane (**Chicualacuala** region) - water for 559 people

Artesian well in Cuacuene (Manjacaze region) - water for 414 people

Artesian well in Dingue (**Chicualacuala** region) - water for 317 people

Artesian well in Machanganhane (Macia region) - water for 503 people

Artesian well in Muzumuia (Chókwè region) - water for 1277 people

**ACTION -
WATER FOR AFRICA -
ARTESIAN WELLS IN
CHICUALACUALA
REGION**

- ✪ Country Capital
- ⊙ State Capital
- City, village
- ✈ Airport
- International Border
- - - County Limit
- Main roadway
- +— Railroad

CHICUALACUALA REGION- CONTEXT

- ✓ The region is located on the border of Mozambique, South Africa and Zimbabwe.
- ✓ Chicualacuala has a land that in recent decades has undergone an intense process of **desertification**, combined with **dry seasons**, causing a **tragedy for subsistence agriculture and increasing hunger**.
- ✓ The FWB started building centers there in 2016, and currently **we have 14 centers**.
- ✓ However, due to the long distance and harsh conditions of the region and especially in some centers, **we need more resources to improve our service and alleviate the lack of water and food for the residents**.

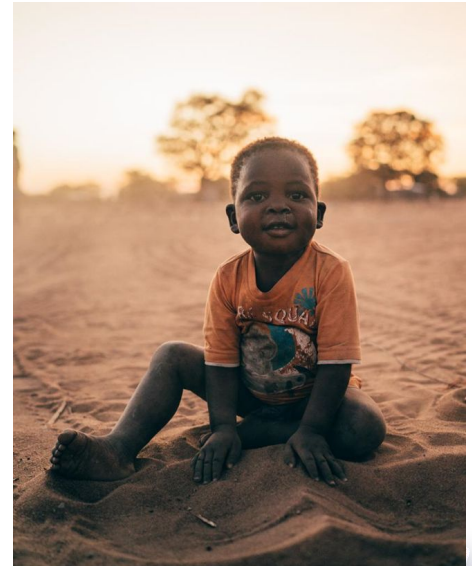

ARTESIAN WELL FOR CHICUALACUALA - COST AND BENEFITS

- ✓ We current need to drill 4 artesian wells in the Chicualacuala region. The centers are: **Bobobo, Chicualacuala B, Chitlavanine and Mugugu.**
- ✓ This region is known to be **extremely dry**, thus the **artesian well is vital** for the life of the beneficiaries
- ✓ The drilling in this case is more complex due to the soil type, also it **requires to make a soil study** to find where is the best location for finding water. The cost of this study is **USD 800.**
- ✓ This artesian well will be drilled in a rocky soil, which makes the drilling **more difficult** and expensive
- ✓ The cost of drilling in this region is around **USD 46,000**
- ✓ Each artesian well will benefit approximately **3,000 people**, as the artesian well can be used by the entire community, not just the children.

Location	Cost (study + drilling)	Number of beneficiaries affected
Bobobo	\$46,800.00	3000
Chicualacuala B	\$46,800.00	3000
Chitlavanine	\$46,800.00	3000
Mugugu	\$46,800.00	3000
Total	\$187,200.00	12,000

ARTESIAN WELL FOR CHICUALACUALA - CALL FOR ACTION

Through this action we expect to raise the funds for at least one of the artesian wells mentioned. We hope that we can count on your help and donation to bring water (and life!) to one of these communities. Remember, water brings life. And together we can go further!
